

Leaflet Designs in Morocco

Duration

Industrial designs and models are protected in Morocco for a term of 5 years from the filing date. The term may be extended to two other consecutive terms of 5 years.

Compulsory use

The use of an industrial design or model is not compulsory. An industrial design or model registration cannot be subject of any kind of revocation for non use.

Miscellaneous

To be enforceable against others, all acts transferring rights attaching to an industrial design or model must be entered in the "National Industrial Designs and Models Register". Therefore, please contact us if you intend to transfer or license the industrial design in Morocco to a third party.
