

Leaflet Trademarks in Paraguay

Duration

The duration of registration of your trademark in Paraguay is 10 years from the date of application, and is indefinitely renewable for 10-year periods.

Compulsory use

In Paraguay, use of a registered mark is compulsory. A registration can be cancelled upon request by an interested party when not used for 5 years after the granting date of the trademark; or when its use has been interrupted for a term exceeding 5 consecutive years.

Marking

Marking is not compulsory. Possible marking is 'Marca Registrada' or ®.

License

The license contract must be recorded officially in order to have effects against third parties. The licensee must indicate over the goods and/or services that the trademark is under license. We recommend that you contact us if you intend to grant a license under your trademark in Paraguay.

Miscellaneous

A registered trademark may be registered in the Customs Trademark Registry of Paraguay. Such registration obliges all national customs to give prompt notice and, if required, suspend all unauthorized imports and exports of products using the registered trademark. We recommend that you contact us if you intend to have your trademark registered in the Customs Trademark Registry of Paraguay.
