

Leaflet European Patent in Bulgaria

National patent number

No national patent number is assigned to the Bulgarian part of the European patent.

Duration

Provided that the annual national renewal fees are paid, the patent has a duration of 20 years from the European filing date.

Compulsory use

A patented invention must be sufficiently worked in Bulgaria within 3 years of grant or within 4 years of filing the application, whichever period ends later. If a patented invention is not so worked without legitimate reasons, any interested person may apply for the grant of a compulsory license. The person applying for the grant of a compulsory license must prove that he/she is in a position to work the invention within the limits of the license applied for.

Marking

Marking is not compulsory.

EU member countries

Bulgaria is a member of the European Union (EU). As far as patents are concerned, this has the consequence that once products protected by the patent are sold by or with the permission of the patentee in one EU member country, shipment of these products into and out of other EU member countries basically cannot be prevented.
