

## Leaflet European Patent extended to Montenegro

### National patent number

The European Patent extended to Montenegro will be assigned a national patent number.

### Duration

Provided that the annual national renewal fees are paid, the patent has a duration of 20 years from the European filing date.

### Compulsory use

Any interested person may submit a request to the authority competent in the field in which the invention should be used in order to obtain license for its use (compulsory license) if the patent owner does not use, or insufficiently uses a patent or if without use of his patent it is not possible to use other invention, protected later in the name of other party. A request cannot be filed before the expiry of a period of 4 years from the patent application filing date or 3 years from the date of the patent grant, whichever of these two time limits expires later.

### Marking

Marking is not compulsory. When the patentee intends to notify the public of the patent protection in Montenegro, the national registration number should be referred to.
