

## Leaflet European Patent in the Republic of San Marino

### Territory

This part of the European patent covers the territory of the Republic of San Marino.

### National patent number

The San Marino part of the European patent will be assigned a national patent number.

### Duration

Provided that the annual national renewal fees are paid, the patent has a duration of 20 years from the European filing date.

### Compulsory use

Patents must be worked in the Republic of San Marino or in Italy to an extent not seriously disproportionate to the needs of the Republic of San Marino within 3 years from the date of grant or within 4 years from the application date, whichever term expires later. Thereafter, the patent may not remain non-worked for longer than 3 consecutive years. The importation into San Marino of goods manufactured abroad amounts to working of the patented invention. In case of non-working, a compulsory license may be granted.

### Marking

Marking is advisable, but not compulsory. Possible marking: 'Brevettato', or 'Brevetto', or 'Brev.', which may also be followed by the patent number, or 'Brevetto depositato', or 'Brev. Dep.', which may also be followed by the patent application number.
